

F5 to Avi Migration — Service Brief

Last updated: 2026-02-24

Service Identification

- Service Name: F5 to Avi Migration
- ISV Name: Broadcom
- Product Name: VMware Avi
- Service Family: Application Networking Platform
- Service Type: Outcome
- Service Code: BC006

What This Service Does

Migration of application delivery services from F5 to Avi using standardized, repeatable migration patterns.

This service migrates application delivery services from F5 to VMware Avi using a standardized, repeatable migration approach. Each engagement unit focuses on analyzing an existing F5 configuration, translating supported functionality to Avi, implementing the migrated service, and validating basic traffic handling. The service does not include application refactoring, advanced traffic optimization, or long-term operational support.

What This Service Does Not Do

- Application refactoring or redesign
- Advanced traffic optimization or tuning
- Unsupported F5 feature recreation
- Security policy redesign
- Ongoing operations or monitoring

When This Service Is Appropriate

- Decision to retire or reduce F5 footprint
- Adoption of Avi as strategic application delivery platform
- Hardware refresh or license renewal events
- Platform consolidation initiatives

When This Service Is Not Appropriate

- Expectation of application redesign during migration
- Requirement to replicate unsupported F5 features
- Desire for traffic optimization or performance tuning
- Need for compliance certification or security program changes

Required Customer Inputs

- Operational Avi platform available
- Access to existing F5 configurations
- Supported feature parity between F5 and Avi
- Customer participation for validation

Outputs Produced

- Assessment of existing F5 service configuration
- Translation of supported features to Avi
- Deployment of migrated service on Avi
- Basic validation of traffic flow

Available Variants

1-2 weeks

Price: \$18,563

This is a single, fixed-scope engagement with no variants.

Notes

One service should be consumed for each F5 instance to be migrated.

Duration is indicative only and must not be used as a sizing proxy.

All prices USD.
